# Chapter 1

## Esempio Mutex

### 1.1 Introduzione

Esempio di utilizzo Mutex

**Date**

20/06/2016

**Version**

0.0.0.1

**Author**

Aldo Tragni

## Chapter 2

# File Index

### 2.1 File List

Here is a list of all files with brief descriptions:

<a href="#">mutex.c</a> . . . . .	5
-----------------------------------	---

## Chapter 3

# File Documentation

### 3.1 mutex.c File Reference

```
#include <stdio.h>
#include <stdlib.h>
#include <pthread.h>
```

#### Macros

- `#define MAX 10`

#### Functions

- `void * thread1_process (void *arg)`
- `void * thread2_process (void *arg)`
- `int main ()`

#### Variables

- `pthread_mutex_t M`
- `int DATA =0`
- `int accessi1 =0`
- `int accessi2 =0`

#### 3.1.1 Macro Definition Documentation

##### 3.1.1.1 `#define MAX 10`

Definition at line 4 of file mutex.c.

Referenced by `thread1_process()`, and `thread2_process()`.

### 3.1.2 Function Documentation

#### 3.1.2.1 `int main ( )`

Definition at line 53 of file `mutex.c`.

References `accessi1`, `accessi2`, `M`, `thread1_process()`, and `thread2_process()`.

#### 3.1.2.2 `void* thread1_process ( void * arg )`

Definition at line 23 of file `mutex.c`.

References `accessi1`, `DATA`, `M`, and `MAX`.

Referenced by `main()`.

#### 3.1.2.3 `void* thread2_process ( void * arg )`

Definition at line 38 of file `mutex.c`.

References `accessi2`, `DATA`, `M`, and `MAX`.

Referenced by `main()`.

### 3.1.3 Variable Documentation

#### 3.1.3.1 `int accessi1 =0`

Definition at line 20 of file `mutex.c`.

Referenced by `main()`, and `thread1_process()`.

#### 3.1.3.2 `int accessi2 =0`

Definition at line 21 of file `mutex.c`.

Referenced by `main()`, and `thread2_process()`.

#### 3.1.3.3 `int DATA =0`

Definition at line 18 of file `mutex.c`.

Referenced by `thread1_process()`, and `thread2_process()`.

#### 3.1.3.4 `pthread_mutex_t M`

Definition at line 16 of file `mutex.c`.

Referenced by `main()`, `thread1_process()`, and `thread2_process()`.
